DEACONS GET THEIR REVENGE

Take Close Game From Strathcona by 6 to 4—There was a Large Attendance

On New Year's afternoon about two hundred enthusiastic fans accompanied Deacon's team to Strathcona. All were filled with supreme confidence in the local team as Deacon's week of practice against the pros had strengthened them a hundred per cent. As usual the game was delayed by Strathcona. Deacons were dressed and on the ice by three o'clock, but the locals dallied around until 3.30, much to the disgust of the spectators, as a rink is not the most pleasant place in the world to spend a cold afternoon.

However, at three thirty Referee Campbell got the two teams lined up and it was seen that the wanderers, Messrs. Kent and Lynn were conspicuously by their absence. Humston was also missing, but these places were filled by three men who played better games than the original players. The first half was very even and if anything the home team had a little the better of the play. The Strathcona forwards played a horse of a game and it was only the good work of Deacon's defence that kept the score down. The outstanding feature of the half and also the whole game was the work of McGannon and Dea for Deacons and the two Sutherlands for Seona. The first named was the star of the game and his rushes brought the crowd to their feet on numerous occasions. Dea played a good game in the first half and brilliantly in the second. It looked as if he was really a wing man, as his shooting from the side is deadly. Ches. Banford played a very consistent game throughout and was responsible for Edmonton's first two goals.

The two goalkeepers did little to choose between them. Shorty Campbell had to handle the game practically alone, as Judge of Play Farr refused to take any notice of anything. Shorty refereed an excellent game and was absolutely impartial.

The teams lined up:

Deacons	Strathcona
Rus. Allan	goal
Bill Banford	point
Chinnick	cover
Ches Banford	cover N. Sutherland
Dea	centre J. Sutherland
McGannon	left
G. Banford	right
Referee—Shorty Campbell.	
Judge of Play—Al Parr.	

Summary of Goals:
1. Strathcona—N. Sutherland; 9/2 minutes.
2. Edmonton—C. Banford, 20 seconds.

Strathcona—J. Sutherland; 6 minutes.
Edmonton—Ches. Banford; 3 minutes.

Second Half
Edmonton—Dea; 7 minutes.
Strathcona—J. Sutherland; 13 minutes.
Edmonton—Dea; 2 minutes.
Edmonton—G. Banford; 6 minutes.

Strathcona—N. Sutherland; 1 minute.

Penalties
J. Sutherland, 5; G. Banford, 5; Ches. Banford, 2; G. Banford, 2; J. Sutherland, 2; Bill Banford, 2; J. Sutherland, 2; McGannon, 2.

The Play
Dea rushes from face off and shoots but nothing doing. Play all in Seona end, but in one minute J. Sutherland kicks puck through but Shorty Campbell is on job and disallows goal. McGannon and Dea rush and the puck is rained in two hot shots which Clark cleverly stops. Jim Sutherland and G. Banford get five minutes for slashing each other. McGannon is playing a star game and rushes with G. Banford, but while goes for off-side. Ches Banford is rushing well and helps McGannon very much. Graben rushes for Seona, but is off-side. Seona forwards are offside repeatedly and the game is getting rough. Finally N. Sutherland puts one past Rus. Allan—1-2 minutes actual play. Score 1-0.

Dea takes puck from face off, rushes the length of the rink and passes neatly to Ches Banford, who takes the score to 20 minutes. Now follows at least two minutes of face-

QUEENS WIN FROM FORT

The Men From Out of Town no Match for the City League Champions

The New Year's Fixture at the Thistle Rink was witnessed by a large crowd. The Fort was not nearly so good to last year's standard and were no match for the speedy Queen's average team who got the long end of the victory was most decisive, California by 9 to 2. Doyle the Queen's scoring three tries and a goal and promises to create a formidable force in the "Cooper cup and championship City League circles." Doc. Wilson with the Canadians, they have played a strong game at point and already won two games of the every man from the Fort who had. The Californians showed occasion to bump into him had really improved form whereas the son to feel sorry for it. The game was rather late in commencing.

ing off as both teams are off-side. Graben is playing very well and his rushes up the side are dangerous. Allan stops hard from N. Sutherland and McGannon takes the puck to the other end. Dea gets a nasty trip but keeps his feet. At play is rough. Ches Banford gets two minutes rest for being a man when he falls. Strathcona scores a shot by Jim Sutherland in 16 minutes' play. 2-1.

Gordon Banford rushes and play gets very fast, puck and goal going from end to end.

Deacon's forwards are playing a combination and go up rink at almost on several occasions, but Clark is there. Finally a shot by Chester Banford passes him.

19 minutes' play. J. Sutherland is in Seona end, but Graben goes and shoots wide. There is a change in front of Edmonton's end, but Allan and Banford keep out of danger. G. Banford and McGannon score but are offside. A rink is very dark, and Allen has difficulty in seeing puck. Bill Banford passes one in front of goal his lucky in getting away with a body. Allan stops fast shots from N. Sutherland who is playing very well. Thus point and cover are playing good far, which is hard on Allan. Sutherland gets two minutes for slugging G. Banford and McGannon kicked to end rush, but time is up. Play around Seona goal. Score to 2.

Second Half
Graben has foot hurt in first half and Chinnick is put off to ew up. This is a mistake as it is a try to weaken the defence.

J. Sutherland is still on ice at beginning of second half and Deacons are playing 6-5. G. Banford goes from side and J. Sutherland getup and rushes. Seems better after his rest. Ches Banford rushes and passes to G. Banford who shoots very wide. Dobson slips down rink but Bill Banford gives him a toss, passes puck to Dea, who slips in a wicked one at Clark, who is lucky in getting in front of the puck. Dea is playing a beautiful game but is not well-supported. If McGannon were on the forward line the score would be large. McGannon makes splendid rush and shoots, Clark stops, but clears slowly and Dea escapes from side. Score 3-2. Seven minutes play. Strathcona forwards seem to be tiring.

Dea playing star game, shoots twice but Clark is on the job. Bill Banford rushes but shoots wide and Sutherland Bros. burn up the ice, but Allan stops cleverly. Game now very fast. Sutherland again rushes but Allan makes shot look easy. Ches Banford and McGannon both rush but Clark is playing the game of his life and turns puck aside. Dobson gets a nasty trip but keeps his feet. At play is rough. Ches Banford gets two minutes rest for being a man when he falls. Strathcona scores a shot by Jim Sutherland in 16 minutes' play. 2-1.

Then Comes the Tug-of-War—A Bloody Battle in Frisco Follows Football Game

The queerest bit of information we have received for some time is a clipping of a football game which took place in Frisco the other day after which the Emergency Hospital was filled to overflowing. You will readily understand this when we state that the conflict was between a Chinese and Japanese team. The victorious team was to carry off the ball as a trophy of the chase, but a Chinese student of the losing team was of another mind, and at the conclusion of the game hiked meadwards with the leather. And then the two nations came together with the above result: though we might add several able-bodied policemen were considerably battered during the melee.

Monte Attehl Wins
Portland, Ore., Jan. 2.—In a "No Decision" ten round contest here last night Monte Attehl, of San Francisco, won the "Decision of the House" over Jim Carroll, of San Francisco. Attehl had the better of the first seven rounds.

About eighteen students from Tobin college enjoyed a bob ride Tuesday evening. An oyster supper followed.

at point, but from our idea is a little inclined to be drawn out. However, he steadies the team considerably.

Ches. Banford played very well in the first half, but seemed to tire towards the finish of the game. However, he was far from being the weakest man on the Edmonton team.

White, the Strathcona cover point, is an old team mate of Kerr, the Ottawa star. They played together on the Brockville Invincibles.

The Sutherland brothers played well and we offer a trophy to be played off between them and the Seven Sutherland Sisters.

Shorty Campbell handled the game in good style, and Strathcona supporters had no kick coming.

Deacon White was wearing "the smile that won't come off" all Saturday evening. He has a good little team.

Deacons nearly had a serious accident on the trip down hill. The driver went over the top of the hill and set the horses run wild over hill. Daredevil Freddy McKenny made a thrilling rescue and was decorated with "The order of the Bath."

CALGARY WINS LOOSE GAME
Edmonton Basketball Team Taken Into Camp by One Point

Calgary, Jan. 1.—The Edmonton Y. M. C. A. basketball team was defeated here tonight by the Calgary "Y's" in a fast and exciting game.

Half time was called with Calgary leading 13 to 8. In the second half the Edmonton players tried hard to win, but the locals were all playing off here tonight by the Calgary "Y's" in a fast and exciting game.

CUP TEAM PRACTISES

Local Challengers Work-out on Friday Evening—Doyle of Queens With Them

The Dauntless Five had a fast work-out on Friday evening between five and six. Winchester, Deaton, Miller, Whitcroft and Boulton along with Doyle of Queens, were those out and they put in a fast hour's work. Doyle showed up well. He is just getting over a severe illness and is a little weak yet but when he gets his strength back will be a star. Miller from Prince Albert is in town now and will be at the practice this afternoon. If he makes good Miller will go along with the boys in spare man. As the team leaves on Saturday next subscriptions should roll in this week.

Neway News From Different Centres

The Canadian national winter sport is becoming more popular each year in the United States. All through the country where it is possible to get ice they are making rinks. They already have rinks in Chicago, Cleveland, Minneapolis, St. Paul, Pittsburgh, Columbus, Boston, and many other smaller centres. In St. Louis, Seattle, Salt Lake City, Duluth, Milwaukee and even Detroit, where they swear by baseball, rinks are planned for next season.

Mercer, the Galt pro, was successfully operated on for appendicitis yesterday. He will, however, be available this year.

Speaking of home brews in hockey, says an old subscriber, how about "Brews" Stuart?

The World of Amusement

EMPIRE'S NEW BILL A WINNER

For the first three days of the New Year the Empire has another excellent offering for its many patrons. There is enough comedy in the headline act, Blake's mule, "Maud," to last one for a week. This mule is the original of the famous Oppor cartoons. Violinski is the name adopted by a young man who is a wizard on the piano and a genius on the violin. That is the way he is billed, and it is safe to say that his equal is yet to appear in Edmon-
ton. He not only plays the two in-
struments with wonderful cleverness
but plays them both at the same time,
doing the bowing with his foot. Small,
Sloan and Sheridan, in their comedy
sketch, "The Make Believes," have a
neat offering and one that contains
enough clean comedy to make it very
interesting. Some excellent singing
is introduced during the act, and they
were well liked in Calgary.

The International Septette offer a
humorous and at the same time ter-
rific turn. All have good voices and
know how to use them. Their dancing
is also of a high order. This act is
the biggest yet presented at the Em-
pire in point of numbers, seven people
participating.

Miss Pinkston will render another
catchy illustrated song number, and
the Empire orchestra and Empire
singers will complete a bill which is
second to none yet seen at the Em-
pire.

"Brown's in Town"

The Summers Stock Com-
pany, "Brown's in Town" at Ed-
monton Opera House tonight
Tuesday. This is a comedy ex-
act, and is a mirth producing
first water. The dialogue is full
sparkling and the comedy is
ful. The mixup and misad-
ventures that cause all the merriment
about in the most natural
fashion. There is nothing far-fetched
about it. If you wish to start the
New Year with a bright and light
so with a laugh at Brown, will
be in town at the Edmon-
ton Opera House for two nights.
"Leah Kleschna" will be pre-
sented Wednesday and Thursday
with Stevenson in the title role. It
is a splendid play, and deals
well-established fact that prison
the only place for a thief. This
of criminals are often forced into
practise from childhood and
never known any other life.
"Kleschna" shows us that there
ways hope for these poor unfor-
tunes.

"Innocent is a Lamb."

This rollicking farce was presented
at the Empire before capacity houses
on New Year's Day. The plot con-
cerns a gay old bachelor who attempts
to deceive his wife as to a trip he in-
tends taking. Unfortunately the train
that he should have been on is wrecked,
and a man wearing his overcoat
killed. The complications that ensue
are side-splitting. Mr. Willis as the
gay uncle takes the part excellently.
Miss Forsythe as the wife was good,
but looked far from being the stern
and crabbed spouse, intended by Ro-
land Hood. C. M. Kyle took the but-
ler's part admirably, and his Irish
makeup and accent made a big hit
with the audience. Mrs. Wm. Yule
and Miss Moore were cast as newly-
engaged young damsels and were ex-
cellent, while Mr. Roberts as a budding
newspaper genius gave a purely origi-
nal rendition of the part. But the
keystone about which the whole play
revolved was the work of C. W. Wil-
lis and his acting was finished and
convincing.

The San Franciscans.

The well-known San Francisco Op-
era Company will commence its en-
gagement next Thursday at the Em-
pire Theatre, presenting that riot of
fun and music termed "The Time, the
Place and the Girl," which will keep
the audience in good humor for one
night.
This bright musical comedy, or as
it might better be termed, comedy
with music, has a most substantial
plot with a great many song hits of
the whistly order, which are sure to
become popular. "I Don't Like Your
Family," "Friends," "Thursday Always
My Jonah Day," "Don't You Tell,"
with fourteen others of a like order,
go to make up a most enjoyable pro-
gramme.

ICE DESTROYS BRIDGE

Twenty Killed in Disaster on Last Day of Year

St. Louis, Mo., Jan. 1.—Twenty
men were hurled to their death when
300 feet of the false structure of the
McKinley bridge, now in construction
across the Mississippi river, was
knocked out by an ice jam, at five
o'clock Friday afternoon. Seventy
men were thrown in the maelstrom of
broken timbers and girders.
Fifty of them were rescued from the
icy waters by heroic men, who faced
death in the swirling river.
The hoisting engines and a traveller
also went down in the crush, imperil-
ing the lives of the struggling men
below.
The bridge company officials say
that it will be impossible to reckon
the loss of lives (taken until to-morrow)
when the payroll will be checked over.
From the stories of those men who
were snatched back from the jaws of
death, it seems probable that between
15 and 20 of the seventy who were
thrown into the river were drowned.
There remains the slight possibility
that some of the men secured footing
on the ice floes and either succeeded
in reaching the bank or were swept
away down the river to die by freezing.
One hundred and thirty men
were at work on the structure when
the jam began to move. Sixty of
them heard the warning snap of the
timbers in time to escape to the steel
work, but seventy others went down
in the twisted mass of timbers.
Captain John Shore, in charge of a
tug and two barges, frozen in, picked
up forty of the men and got them
ashore, after a two-hour battle with
the ice, which is jammed six feet high
in many places. The property loss
is estimated at \$250,000, and completion
of the bridge will be delayed several
months. The bridge is being built
by the Illinois Traction system.

THE ROBBERY EXPOSED

Cashier at Niagara Falls Makes Confession to the Detectives

Niagara Falls, Ont., Jan. 2.—The
big express robbery of last November
has been exposed to Inspector W. H.
Mann, Detective J. H. Grant, of the
Thiel detective agency, Montreal; E.
R. Carrington of the Guarantee Com-
pany, Montreal, and Line Inspector T.
H. Moore of the Canadian Express
Company.
Those men have had William Dob-
son, cashier of the Canadian Express
Company, behind closed doors at the
Hotel Savoy for the past two days.
Some time yesterday he made a full
confession, implicating Chas. J. Flynn,
employed as bartender at Niagara
Falls, and one Whistler.
Dobson and Whistler are under ar-
rest in this city, while Flynn is behind
bars at Niagara Falls, N.Y. Cana-
dian officers were assisted by Chief
Sergeants and Detectives Callahan and
Armstrong, in locating Dobson's two
complices. Dobson claims he was
on the hook, but that it was under-
stood, by the Thiel agency, when asked
yesterday morning if any money

YEAR'S BUSINESS

Wholesale Houses Making Progress on Large Scale

Free Press: Wholesale houses in Winnipeg are making progress a year's business in 1910 will surpass all former records. Recent houses in every line are reporting that the trade during the closing year exceeded anticipations and a still further expansion is in the coming year. These reports are based on the continuation of the country, the increasing population and prosperous conditions obtaining. That the future of Winnipeg becoming a greater point than ever in the generation of managers of wholesale houses visited by a Free Press

large concerns, anticipating the west when erecting establishments a few years back, provided for future room requirements, and today they find themselves amply rewarded. Others who have immediate convenience now, in many instances, for floor space. Some of the concerns have established branches in Saskatchewan and Alberta to the Winnipeg house, others are contemplating increased here. Some already have arrangements to architects for the new additions already ready for the spring trade requirements, many who have in mind adding of additions will await developments before letting contracts.

COLLEGE WOMEN

Association to Advance Education in Province

Short time before Christmas a group of women from Strathcona, Edmonton met to form an association for promotion of educational life in the province, and especially the development of women's inter-college work. Those who met represented the wives of men in the student of education, the wives of officers, faculty and senate of the University of Alberta, women members of convocation and alumnae of various colleges.

S. Broadus was elected chairman of the temporary organization, and Bishop secretary. A second meeting will be held on Saturday, January 8th, at 2 p.m. in the temporary quarters of the university on the first floor of the collegiate institute building in Strathcona. It is hoped at this meeting all women in Edmonton and Strathcona who hold college degrees will meet the wives of the officers of the university and men members of convocation in order that a permanent organization be effected. Since it is impossible for the secretary to obtain the names of all college women living in two cities, a cordial invitation is tendered to them to be present at the meeting on January 8th.

A DOUBLE WEDDING

Mr. and Mrs. Charles J. Claridge will Make Their Home in Edmonton

A quiet but pretty wedding ceremony was performed at the Methodist parsonage, Vermilion, by Rev. E. J. Holgers on Wednesday, December 30th, at 8:30 p.m., the contracting parties being Mr. Charles J. Claridge, of Edmonton, and Miss Beatrice Glanville, of Vermilion, and Mr. R. W. Falkins and Miss Francis Glanville, both of town.

The brides, who were given away by their father, were crowned in Princess gown of cream broadcloth, trimmed with rat-tail braid, with gimp of French net over white silk. The wedding march was played by Mr. Fred Armstrong. A pretty and novel feature of the ceremony was that each couple was supported by the other.

After the ceremony dinner was partaken of at the home of the parents of the brides. Mr. and Mrs. Falkins will spend the honeymoon at Banff, while Mr. and Mrs. Claridge go to take up residence in Edmonton. The best wishes of the community for a good voyage over the sea of life will follow the happy couples.—Vermilion Signal.

CHRISTMAS DAY TRAGEDY

T. Kinsella Found Dead in the Snow the Day After Holiday

On Christmas Day, T. Kinsella, whose home is near Dewberry, northeast of Vermilion, was found dead and partly frozen a half mile from his house. He had been in lay and started home with a seed drill loaded on his sleigh. He was driving fast when he passed through Dewberry and shortly afterwards had an upset. He unhitched, and climbing on one of the horses resumed his journey, leaving the other loose. The latter animal wandered into the barn and Mrs. Kinsella started out to look for her husband. The next day he was found in the snow by a neighbor.

HEROIC PORTER

Saved Lives of Many Passengers in the Recent Wreck at Chapeau

When the passengers on one coach of the Toronto-Winnipeg express, wrecked last week at Chapeau, reached Toronto, they issued this statement:

The undersigned passengers of train No. 94 (Toronto express), which was derailed near Chapeau about 1:15 a.m. on the 24th inst., feel it their duty to bring to your notice the valuable services rendered by Porter M. Martin of tourist car 1,669 of this train during the accident. This car (No. 1069), containing 60 passengers of whom at least one-half were women and children, was thrown over a thirty-foot embankment, took fire from the stove, and would have been consumed with many of its passengers. Just what a terrible catastrophe this would have been can be better imagined than described.

"But Porter Martin, breaking the windows with his hands, put the fire out by throwing snow on it, severely cutting and burning his hands in the operation. He therefore amply deserves any official reward or promotion that can be given him."

"Great praise must be given also to the efforts of Dr. and Mrs. Crotty of Winnipeg. Dr. Crotty worked all night and was able to greatly ameliorate the condition of the many injured at a time when for twelve hours no medical attendance was provided by the company."

Both Feet Frozen.

A shocking event is reported from Carleton Place. During the last cold snap, A. P. Solbeck was lost in a storm near that town and had his arms so badly frozen that it was found necessary to amputate both near the elbow. The accident is believed to be the result of drinking. Much sympathy will be felt for the unfortunate man.—Vermilion Signal.

AT EXHIBITION GROUNDS

Work is Being Rushed—Proposal for Athletic Organizations

The work on the new exhibition grounds is progressing well. The post holes are all ready and the fence will be quickly rushed to completion, about the whole eighty acres. There is a movement on foot to have the several athletic associations in the city such as I.C.A.A.C., Y.M.C.A., and Canadians unite to obtain grounds outside the exhibition park. A fine running path could be made around a slough just outside the fence, and for purposes of meets where a gate is necessary, the exhibition grounds themselves could be utilized. It is understood the city and exhibition executive will meet the clubs halfway in this matter.

Just adjacent to the grounds is a genuine old timers' but which Secretary Harrison intends using for exhibition purposes. The ground about it will be put in shape, and during the Fair, an old timer sitting in the doorway would provoke an interesting sight, for visitors to the city.

The Board of Trade calendar for 1910, portraying Edmonton as the railway centre of Alberta, is to hand, and shows thirteen main lines and branches running into the city. This should have a great effect on inducing new industries to locate in Edmonton.

IT PAYS TO BALE YOUR HAY WITH AN I.H.C. HAY PRESS

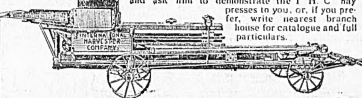

HAY should be baled no matter whether it is to be fed or marketed. Careful tests that have been made prove the fact that baled hay will keep in worth from 25 to 50 per cent more for feeding purposes than hay that is exposed to the weather in stacks and ricks. When it becomes a question of saving 25 to 50 per cent of your hay crop it is worth while for you to stop and consider, is it not? Baled hay is more valuable because there is no waste—no dust—it has more feed value. It is kept in better condition for feeding purposes and is more convenient to handle.

An I. H. C. Pull-Power Hay Press

will enable you to save the 25 to 50 per cent of your hay crop that is going to waste. It will enable you to make a good profit out of your own labor by baling your hay when you have the time.

I. H. C. hay presses are simple, strong and very powerful. They are made on the pull-power principle; that is, the pressure is applied to the hay by a pull instead of a push. They are so designed that they give greater pressure with the same amount of power than any other press of equal size. The presses are the full-cylinder type, which avoids frequent stopping, turning or backing of the horses.

The I. H. C. one-horse press is made with 14 x 18 inch bale chamber, and the two-horse press is made with three sizes of bale chamber—14 x 18, 16 x 18 and 17 x 22 inches. Call on our nearest local agent and ask him to demonstrate the I. H. C. hay presses in your, or, if you prefer, write nearest branch house for catalogue and full particulars.

OF This City's Stores

The city's stores are bigger, better, more interesting this month than ever before in the city's history.

Never before were so many of life's needed things offered for sale in this city—never before were the offerings more "tempting."

The stores bring to our doors the best things the workers of the world make—the newest ideas—the best efforts of the makers of useful things to assure creature-comfort in the home, increasing self-respect as to apparel, and purer and better food.

The stores, at this season, carry the city's Christmas cheer on their counters—the gifts that are to cement friendships, to brighten gray lives, to gladden the children and warm the hearts of the old.

The store-ads. are the best and timeliest reading matter to be found—for they carry real news for every person who expects to buy a gift, even of the smallest kind, during these gift-giving days.

THE MELBOURNE CUP

An Account of a Historic Horse Race Held Annually in Australia

One of the greatest horse races that takes place in the world is that for the Melbourne Cup. It was held at Flemington, Australia, on November 2nd, and we have just received accounts of the race. The value of the purse is 5,000 sovereigns added money to the winner besides a sweepstake of 30 sovereigns for the horse. Second horse gets 1,000 sovereigns, and third 500.

The "best Cup meeting ever held" is the sentiment of an Australian paper just to hand. The weather was perfect, and a record crowd of 100,000 in attendance. The cup race, which is two miles, had twenty-nine starters. The start was excellent, but the race soon grew ragged. Something shot out and the word went out that Arillene was in front. But not for long. Idyll dashed past her, led the field down the stretch. Eric led at the Judge's stand and held this position until the run home. It was then that Alawa came forward accompanied by Trafalgar and in this order they swept into the stretch. It looked as if the winner would come from these two and first one and then the other was hailed by the on-lookers. Down the course they came, straining every muscle, while their jockeys worked whips and spurs like madmen. But soon a change came over the picture. While Alawa and Trafalgar were engaged in this duel the Derby winner, Prince Foote, came with a rush on the outside, flew past the leaders, and won, going away by three lengths.

PUCK PICKINGS

The Montreal judge who didn't know was a hockey player has nothing on the general public. They don't think he is either.

In the Montreal courts yesterday the Nationals claimed that there was a star in the hockey world and could not be replaced as a cover point. The fame of Petre however, has evidently not yet reached judicial circles. As one of the advocates was explaining the nature of the case, his Lordship interrupted: "He plays what game cards?" "No, my lord," was the grave response, "hockey."

Renfrew is still expecting Tom Phillips and Hay Miller. What is it that old saying of "Hope deferred, etc?"

THE BREED OF OUR HORSES

Steps Should be Taken to Bring About an Improvement

From every section of North America comes evidence of the prosperity of live stock breeders. Every class of registered animal is in great demand at high prices. Western Canada is "getting in" on some of this prosperity, but is really not getting her share.

"There is big money in horse breeding, but there are comparatively few breeders of high class horses in the prairie provinces. Every year large numbers are imported from across the water and from the States. Of course there will always be some breeding stock imported, but the western farmer should get in on the ground floor and have the market classes to sell when they are demanded."—Winnipeg Telegram.

The above reminds us that there is room for us to be moving in the line of acquiring some good coaching stallions, a line of breeding which is being very much neglected in Alberta. Medium-heavy, active teams are becoming very scarce, and there does not seem to be much doing in the way of breeding these.

Soon our supply will be completely exhausted, and then where should we go for this class of horse, for fire horses, delivery horses or useful sorts for general purposes?

Some of our friends are suggesting that this matter might be taken up by our provincial government, and that good French or German coaching stallions be placed about the province, as is done on the continent of Europe. As another alternative we might adopt the British plan of offering big premiums at fairs for suitable stallions to stand in certain districts for a year for the benefit of farmers and ranchers. The government pays the premium, the horse standing at a nominal figure.

The French and Germans have excelled all other nations in this line of breeding, because of the interest taken in the matter by their respective governments, and because of the method and system employed in breeding this class of horse. Nowhere can there be found at present a better lot of coach horses, artillery and cavalry horses, etc., than in France or Germany.

This is an important subject that should receive immediate attention, and, as we have one of the finest horse breeding countries in the world, we should be paying attention to the world's wants. Of course we are making great advances in breeding heavy drafters, hackneys, standard-breds and certain sorts, but we are neglecting the 2400 to 2800-lb. or over teams that can get up and go and have weight and activity.

WESTWARD HO! COLLEGE

The results of the December examinations have been very satisfactory. During the term a number of boys have been admitted and no further application of boys in residence can be attended to as the number is now complete. There are vacancies for two day boys. It is hoped in the near future to put up a new building so as to be able to accommodate those boys on the list seeking admission.

The results of the Christmas examination are as follows:

General proficiency prizes—
Preparatory Form—Jack Howe, honorable mention. H. H. Haller, H. J. Luthbock.

Low Second Form—Howard Emery, honorable mention; Mac Macintosh, P. Calder, A. Channell.

Upper Second Form—Douglas Emery, honorable mention, L. Blain, A. Ponton.

Third Form (presented by E. F. Slocock, esq.)—Gordon Wilkins. Honorable mention, R. H. Smith, R. H. Boyce.

Fifth Form—R. P. Wilkins. Honorable mention, H. J. Emery.

Brantford, Dec. 28.—Chuck Tynes, of Toronto, has accepted the position as manager of the Brantford professional hockey team and will play goal. Marks, who was going to Montreal, has definitely joined the local team as has also Mercer, of last year's Torontos. Among other players will be Andy Kyle of Toronto Eureka and Billy Brow, Toronto Rowing Club.

Mother, may I go out to play?
Yes, my darling sonny.
But don't you sign no contracts, dear.
Before you get the money.

A re

Edmonton business men making enough of an effort to push their goods out into the province?

With railway lines being constructed in every direction, the city should become a great commercial centre.

But they cannot receive business by standing idle and waiting for it to pour in.

They must get after it.

To reach those outside the city, an advertising medium exists in Edmonton, which couldn't be better suited for the purpose.

The

Alberta Homestead

is a provincial agricultural journal, published weekly, and going into five thousand Alberta homes.

It was established two years ago and has now made a solid place for itself among country readers. With the first of the year, its size is being increased fifty per cent. There is no doubt about it's becoming the Family Herald of the west.

The advertising rates are still low, though with the larger increases in circulation, which it is making, these must be advanced at an early date.

A wise business man will not delay in making a contract for considerable space in the columns for the coming year.

Its want advertisement department at one cent a word, six insertions for the price of four, is an inexpensive and certain result getter.

About Town

Alfred Von Hammerstein, who for a number of years, has been deeply interested in the development of the northern portion of Alberta, is in the city today and will spend some time here, conferring with Winnipeg people, who are also interested in the enterprise. Mr. Von Hammerstein has great hopes that oil will be produced in large quantities at Fort McMurray and that his development work is going forward steadily. His project looks much more propitious than at this time last year, owing to the fact that the preparations for the construction of the Alberta and Great Waterways Railway are now complete and the grading of the road commenced. He expects that the road will be operating into Fort McMurray within two years, and that his company will be shipping out oil as soon as the road is ready for business. He is a guest at the Royal Alexander—Winnipeg Telegram.

New Year's Day saw a string of callers at Government House on Third street, where His Honor Lieut.-Governor Buley and Mrs. Buley welcomed nearly 200 guests. Captain Worsley was also to his honor and Lieut. K. B. McKenzie to Mrs. Buley. Mrs. McKenzie and Miss Worsley assisted Mrs. Buley in receiving his honor's visitors in her private parlor. Music was furnished by Macmahon's orchestra.

The license branch of the Attorney-General's Department raided several houses of ill-repute in the north end of the city just beyond the city limits on Thursday with the result that there was a big docket before Inspector Worsley at the Mounted Police Barracks on Friday last. There were eight convictions for sale of liquor without a license with a fine of \$50 each and costs, and thirty women appeared and were fined \$2 each and costs for being inmates of houses of ill-fame, and the keepers of the houses were each fined \$10 and costs. The sum total of the fines was over \$500.

There are still four vacant berths in the special car which will carry the team east for the Stanley Cup series. People intending to go are requested to hand in their names to Harold Deaton, Deacon White or R. L. Pickell, C.P.R. city ticket agent, as soon as possible. The return fare is \$59.05 and the tickets are good for 35 days.

A very important meeting of the hockey club executive will be held at the Liberal Club rooms this evening at 7:30 p.m. A full attendance is requested as the departure of the team next Saturday afternoon has given rise to much important business which must be dealt with immediately.

In future the Edmonton challengers will practice twice a day. A practice will be held at 11 a.m. and another at 5 to 6 this afternoon. Walter Miller should be in town today and turn out at the work-outs.

The members of the Ruthenian Catholic Church, Edmonton, will give a benefit concert on behalf of the church on Tuesday evening, January 4th, when the operatic comedy in four acts, "Night in Bethlehem," will be presented at the Separate School Hall, Third street, commencing at 8 o'clock. Admission, 50c, 35c and 25c.

A Landonville correspondent writes to the Vermilion Signal: "At a largely attended public meeting held last night, J. H. Landon was appointed a delegate to present the claims of the community to a railroad before the board of railway commissioner at Edmonton next month."

There will be an important sale of Ontario imported Clydesdales at Lacombe tomorrow.

Hon. Duncan Marshall will attend the convention of representatives of the co-operative creameries of the province at Red Deer on Wednesday and Thursday of this week.

A man named Jacobs will be given a hearing before Police Magistrate Cowan at two o'clock this afternoon when he will answer to the charge of passing a bogus cheque for \$10 on Jeweller Kline on Jasper avenue.

Premier Rutherford was in receipt of a cablegram this morning from the High Commissioner in London, and of a telegram from Premier McBride of British Columbia, wishing the province of Alberta a very happy and prosperous new year.

Walter J. Francis of Montreal, the engineering expert, who will investigate the operation of public utilities in Edmonton, arrived in the city this morning and is prepared to proceed at once with his work. He is accompanied by Norman E. Ballantyne of Ottawa, who will act as his assistant. His worship the mayor has instructed all the heads of departments to render the expert every assistance possible.

Personal

Mr. J. B. Holden, M. P. P. Vegreville, is in town this week the guest of his brother, J. B. Holden. Mr. Holden is one of the most popular young men in the House and the esteem in which he is held in his riding was attested by a majority ranging around the 900 mark and that his opponent's deposit went to swell the provincial revenue.—Clareholm Review.

The death occurred at Manville on December 25 of Charles M. Carpenter, who formerly lived in Edmonton, coming to this city from Nebraska five years ago. He is survived by Mrs. Carpenter and five children.

Mrs. W. J. Webster, Victoria avenue, left today on a two months' visit to friends in the east.

John I. Mills left today on a business trip to New York.

Mr. Victor Torance, of the Bank of Commerce, Edmonton, is being welcomed home and is the guest for a few weeks of his parents, Dr. and Mrs. Torance.—Winnipeg Free Press.

P. O. Dwyer left yesterday on an extended trip to the east.

Hon. C. W. Cross is still confined to his house through illness.

L. C. Turner of Regina is registered at the Yale.

Mr. and Mrs. Lorne York have returned from Vancouver, where they spent the holiday season.

NEW YEAR'S DAY.

A quiet time was spent in the city on New Year's Day. The three most exciting events were the curling in the a. m., the hockey match in p. m. and lastly, the making of new year's resolutions. A great many admirable resolves were made but the one which was most unanimous in the city, we believe, was the resolve never to let "Shorty" Campbell referee in other hockey match in which Strathcona participates. He's poor!

Strathcona is in no way disheartened over the defeat in hockey on New Year's Day. If the Deacons were all they claim to be they should have beaten the team that played against them Saturday by a great many more than they did. When the teams lined up it looked as if it were only a question of how many goals the Deacons would win by. During the first half the play was all in Edmonton territory and Seona had fine shots for every one of the Deacons. To an impartial observer it looked as if the referee called the Seons back every time they got away.

He also disallowed the first goal scored by Seona which was a piece of highway robbery. In the second half, with Graban off, who had had his foot severely cut, Edmonton had the better of the play and got through Seona's defence, which was weak. Clarke in goal played a great game and deserves very great credit. Again, we say the team has no reason to feel discouraged. They did exceptionally well under adverse circumstances.

The Want Ads Are Business Peacemakers!

In the store, the office, the factory, the work-places, the home—wherever human interests clash, wherever workers and employers come to be discordant, wherever new workers or new work are the urgent need—the road to peace lies through the want ad. columns.

In almost every case, a peace-wrecking incident of daily life needs but the simple remedy of a little want advertising—whether it is the sudden exit of the servant, stenographer, clerk, cook, boarder, roomer, tenant;

or the unexpected need to quickly "raise some money."

More and more, every day, in the lives and affairs of the people of this city, the want ads. are coming to play the parts of adjusters, of vexation-preventers, of BUSINESS PEACEMAKERS!
